

The hottest topic facing the industry!

CIGRE is pleased to confirm the 2nd edition of CIDER, the Conference on the Integration of Distributed Energy Resources for the Asia Pacific region will be held in Sydney, 15 and 16 August 2017.

CIDER is Brought to you by the CIGRE Australia C6 Panel, Distribution Systems and Dispersed Generation, and technically co-sponsored by the IEEE Power and Energy Society (PES).

The challenge

Across the world it's projected 1.9 trillion dollars is set to be invested in DER in the next 10 years*. As a result, power industry organisations across the Asia Pacific region are increasingly facing technical challenges around the integration of distributed energy resources (DER) into existing and future networks.

Get the technical solutions you need

CIDER is the ideal forum to get the know-how you need in this rapidly emerging space.

The conference focuses on creating a forum to facilitate practical information sharing between utilities, product manufacturers and communities. It sets out the challenges and opportunities presented by these technologies and will help us all build a road map for workable technical solutions.

So if you want better knowledge of how DER will work in our existing and future electricity networks get along to CIDER 17, the hottest topic facing the industry!

CIDER17, 15 and 16 August 2017
Rydges World Square
389 Pitt Street, Sydney, Australia

WHY IS CIDER UNIQUE?

CIDER has been created to facilitate practical conversations and information sharing between utilities, product suppliers and communities; about the challenges and opportunities presented by distributed energy resources (DER) to the industry; leading to practical, workable technical solutions for integrating DER into both existing and future electricity networks.

CIDER is a practical conference focusing on the integration of DER from the network perspective. It aims to promote sharing of knowledge and best practice within the Asia Pacific region.

QUALITY PRESENTATIONS

Engineers from major utilities, vendors and consultancies will share expertise on the latest trends on this hot topic. The event will follow the traditionally successful CIGRE approach with these quality technical presentations complimented with open forum type approach that will encourage lively discussion.

FEATURES OF THIS YEARS EVENT

The conference will include a technical display where delegates can have direct interaction with vendors and service providers during the session breaks. The conference also includes a social

function and informal dinner on Tuesday evening 15 August. The informal format of the social event will provide a great opportunity for further industry networking.

A CIGRE Next Generation Network (NGN) event will be held on the Tuesday afternoon. CIGRE NGN is a division of CIGRE Australia that aims to develop the next generation of power engineering professionals and is open to young engineers (up to 35 years old). The NGN event is open to all delegates to attend and will be moderated by local CIGRE NGN members.

Tues 15 Aug 8:30 to 5:30 Conference followed by a networking dinner.

Wed 16 Aug 8:30 to 5:30 Conference

WHO SHOULD ATTEND

- Utility companies
- Distributed energy generators/proponents
- Community/Energy stakeholders/developers
- Industry consultants
- Academics
- Product suppliers

INVESTMENT

DATE		August 15 – 16, 2017		
COST incl GST		Early Bird*	Normal	5 or more registrations
	CIGRE, IEEE Member	\$985	\$1180	10% Discount
	Non member	\$1190	\$1310	10% Discount
	University Student	\$450	\$600	NA
VENUE		Rydges World Square – 389 Pitt Street, Sydney, Australia		

(Attendees to make their own accommodation arrangements). *Registrations are now open with a special early bird rate until 30th June 2017

- Registration includes morning/afternoon tea, lunch and the networking dinner.
- Additional networking dinner attendees are an additional \$125 per person.

FIND OUT MORE AND REGISTER

We are expecting a lot of interest in CIDER 17 so register early to avoid disappointment.

All registrations should be made via the online information page at cigreaustralia.org.au/cigre-events/cider-2017/
