

Strategic Plan

2024-2027

empowering
networking
global know-how

This Plan sets out CIGRE Australia's strategic direction and identifies our main areas of focus as we continue to evolve and serve our communities.

CIGRE Australia is your home for power systems expertise. Learn, share and grow with us.

This Plan aligns to and supports CIGRE's 2030 Strategic Plan and will be supported by an annual program or work containing more detailed initiatives to deliver its strategic priorities over its' three-year planning horizon.

We will proudly build on our rich history of supporting the development of power systems in Australia, at a time when power systems are undergoing unprecedented change.

Our Purpose

Enable sustainable electricity for all through the development of power system expertise globally

Our Mission

Contribute to the betterment of power systems and electricity by enhancing the community of power system expertise

Our Vision

The leading, most authoritative, and innovative, global community for the sharing and development of electric power system expertise

Our Values

Strategic Focus Areas

Grow Our Membership

- Deliver value to all classes of membership - content, connection and recognition
- Provide more opportunity for member engagement in CIGRE work
- Improve student/NGN acquisition, participation and retention to full CIGRE membership
- Lift CIGRE Australia visibility at events, in trade media and in social media

Enable the Energy Transition

- Better understand and support the needs of the power system participants (members and non-members)
- Build relationships with other National Committees, peak bodies, industry stakeholders, energy planning bodies and related sectors
- Address priority issues through cross-Panel collaboration

Attract and Develop the Workforce of the Future

- Organise and promote accessible delivery of CIGRE events - institute a biennial conference and deliver more frequent workshops, webinars or masterclasses
- Build relationships with allied organisations to help address the engineering workforce pipeline
- Grow the NGN mentoring program
